MAXDATA FORTUNE 3000 I

The Home PC for High-End Multimedia Applications

We created the FORTUNE 3000 I so that not only are multimedia applications fun, they never stop generating excitement. Equipped with the newest Intel processors and PCI Express™ graphics, it provides optimum performance for demanding applications.

Equipped with multimedia accessories, the MAXDATA FORTUNE 3000 I offers the latest technology – take advantage of the creative possibilities that this PC offers you. Front USB, front audio and front FireWire ports allow for fast and uncomplicated connections to peripherals. A Cherry Cymotion keyboard, a Microsoft® Optical Wheel Mouse and stereo speakers are all included.

A high-calibre graphics card and the attractive design complete the package. The space-saving design in the Micro-Tower concentrates high performance into the smallest of spaces.

With Microsoft® Windows® XP, MAXDATA PCs possess the most stable Microsoft® operating system of all time. The improved security functions protect against unauthorised access, data loss, viruses, and hackers.

Highlights:

- Attractive design
- Space-saving Micro-Tower
- Features for multimedia

Application areas:

The MAXDATA FORTUNE 3000 I is designed especially for the home user who requires extensive multimedia functionalities.
